TO-MORROW. THE FUNERAL TRAIN TO ARRIVE IN THE HUN-GARIAN CAPITAL ON FRIDAY MORNING-CON-DOLENCES OF THE PEOPLE OF BUDA-PESTH PRESENTED TO THE DEAD

PATRIOT'S SONS. Turin, March 26.—The arrivals of Hungarians to pay respect to the memory of Kossuth increase daily. Every train brings hundreds of these mourners, and it is estimated that at least 8,000 of them will be present at the funeral services, which take place here on Wednesday at services, which take place at the page at Protestant Church, after which the body will be taken to the railway station for transportation to Hungary by a special train. The funeral train will be in charge of a committee of the municipality of Buda-Pesth, who, with several other Hungarlans, will constitute a guard of honor. The special train will reach Buda-Pesth at 8:30 o'clock on Friday morning, where it will be met by the committee having in charge the arrangements for the funeral in the Hungarian capital.

The committee representing the Buda-Pesth Municipality, headed by the Vice-Burgomaster, to-day made a formal presentation to the dead patriot's family of the condolences of the citizens of the Hungarian capital. Addressing Kossuth's sons, the Vice-Burgomaster referred to their father as the "founder of modern Hungary" and thanked them for their consent to his burial in Hungary. Francis Kossuth replied to the adthanked them for their consent to his burnal in thanked them for their consent to his burnal in Hungary. Francis Kossuth replied to the address, assuring the committee on behalf of himself and his brother of their affection for their native country. Kossuth's sons have also telegraphed to Premier Crispi their thanks to King Humbert for his condolence and their assurances of their devotion to the royal family of Italy.

There is as yet no confirmation of the report that Francis Kossuth will return to Hungary and offer himself as a candidate of the Independence party for election to the Lower House of the Hungarian Diet; but there is no doubt that he Hungarian Diet; but there is no doubt that he sutherized to extend such an invitation. In order to become a candidate for election to the Chamber of Deputies he would have to declare formally his recognition of Emperor Francis Joseph as King of Hungary, and this, it is understood, he has signified his willingness to do. It is believed that his brother Louis will return to Italy after the burial of his father and resume his duties as an engineer on one of the Italian rail-ways.

correspondent of the "Roma" ne A correspondent of the "Roma" newspaper gives to-day an account of a recent interview with Kossuth. The old man said he was conviced that the day was rapidly appr aching when the era of monarchies would pass away forever. "It will be a great day for civilization," forever. "It will be a great day for civilization, he added. "The example comes from the United Bates, where the laboring people seek their well-being in industry and commerce. Here we have

being in industry and commerce. Here we have continual corruption and intrigue, from which results a constant and ignoble struggle."

Buda-Pesth, March 26.—The troops which were stationed in the streets to preserve order have been withdrawn. The city is orderly, and the training are resumed their performances. Much enxiety is ielt as to the behavior of the crowd on the day of Kossuth's funeral. It is feared that the students will provoke turbulent scenes.

ON DRIFTING ICE FOR MANY HOURS. NARROW ESCAPE OF A LARGE PARTY OF NEWFOUNDLAND SEAL HUNTERS-ONLY TWO LIVES LOST.

St. John's, N. F., March 26.-Another serious disester threatened this island on Saturday night.

A large number of men and boys who had been seal hunting on the ice near shore on Saturday were carried out to sea by drifting ice; two of the boys were frozen to death and the entire party badly frostbatten. The ice having packed close to the shore on Saturday afternoon, a number of persons from this neighborhood and from several outlying settlements seized the opportunity for a seal hunt. The seals were fairly numerous, and the nunters were tempted many miles out, killing a arge number. Toward evening the wind, which had nged to the southwest, began to drift the loc the land. There were 200 or 300 men scattered off the land. There were 200 or 200 men scattered about the drifting ice, and all, realizing their peril, hastened toward the shore, which a large number succeeded in reaching in safety. Nightfall, however, found many of the hunters still adrift and far out, found many of the hunters still adrift and far out, found many shore that there endangered men reached the inner side of the pack, the ice was so reached the inner side of the pack, the ice was so reached the inner side of the pack, the ice was so far away from shore that their efforts to reach land were unsuccessful.

In the course of the night, however, the greater part of them successed in reaching the land by swimming when the currents carried the ice near the shore. Seven men and two boys were still unaccounted for yesterday morning, and two steamers were engaged all day earching for them. These steamers took a wrong direction at the start, and the party were not direction at the start, and the party were not eighted until this morning. They were seen to the northward, and had been walking in that direction all night, as the southern currents were carrying the ice still further out to sea. A boat was sent to the assistance of the nearly perished hunters and managed to reach them after much trouble. The seven men were rescued alive.

RUSSIAN TRADE LARGELY BENEFITED. MINISTER WITTE ON THE NEW TREATY WITH GERMANY - RUMORED NEGOTIATIONS BE-TWEEN ITALY AND FRANCE.

St. Petersburg, March 26.- M. Witte, the Russian Minister of Finance, estimates that while the concessions made to Germany by Russia in the new commercial treaty represent an aggregate of 2,600, 600 rubles, the concessions of Germany to Russia will benefit the export trade in Russian agricultural products by 6.123,000 rubles. In addition to this, Russian goods to the value of 47,000,000 rubles yearly will be allowed to enter Germany without

Rome, March 26.—Referring to reports that preliminary negotiations are in progress between Italy and France, booking to the establishment of a commercial entente between the two countries, the Government newspapers express the opinion that Premier Crispi will not be likely to attempt any commercial treaty negotiations with France as long as the Protectionists are in the majority in the executive and legislative councils of that country. The Agrarians of Italy have issued a call for a congress to meet on April 15, with a view of influencing debate in the Chamber of Deputies in behalf of an increase of duty on wheat.

WILLIAM'S ATTITUDE. London, March 22.—The Paris correspondent of "The Times," in reference to the recent utterances of Chancellor von Caprivi, which are assumed to ndicate that Emperor William is endeavoring to bring about a reduction of the military expenditures of the Powers, says: "At a recent meeting of the Italian Finance Commission one of the members, Signor Capelli, declared that he had learned from an absolutely certain source that Emperor William was pleased to see that Italy was reducng her army, and that Count Kalnoky, the Austro-Hungarian Prime Minister, had advised King Hum-bert that Emperor Francis Joseph was also pleased because of the lessening of Italy's military expen-

I have not ventured to speak to Emperor William on this sub-ject, because a young sovereign always dreams of winning new laurels; but I am sure that King Humbert is willing to discuss the question of a re-duction of military burdens, while your Queen Regent of Spain has proved her desire for a long peace."

AT LEAST THREE OF THE DIRECTORS TO BE RE-PLACED BY REPRESENTATIVES OF LEAD-

ING FINANCIAL HOUSES. London, March 26 .- At the next meeting of the directors of the Bank of England, which will be held on April 4, a section of the shareholders will held on April 4, a section of the shareholders will raise the question of reorganizing the directorate. The existing board will propose that three of the present members be replaced by representatives of leading financial houses, David Powell remaining governor. The opposition are willing to assent to the retention of Mr. Powell, but will demand a larger representation of the leading banking interests in the board.

Vienna, March 26,-The Pope's encyclical letter to the bishops of the Russian, Prussian and Austrian the bishops of the Russian, Prussian and Austrian Poles has made a bad impression in Austrian Poland. Its conciliatory tone in all respects concerning Russia has caused much hostile comment in Galician cities. The "Djiennik Polski," the leading newspaper of Lemberg, describes the encyclical variously as a "thunderbolt," a "chilling gust of wind," and a "mockery of the sufferings of the millions of oppressed Catholics in Russia." The Polish journal says, in closing its bitter article: "A brutal blow has been struck at the Catholic Poles in the interest of the Franco-Russian entente."

CASTING THE RICHMOND STATUE.

THE LOWER SECTION OF THE CONFEDERATE SOLDIER WILL WEIGH 3,500 POUNDS-THE

FIGURE TO BE SIXTEEN FEET HIGH. The lower limbs of the figure representing the Confederate soldier, to be attached to the monument which is expected to be unveiled in Richmond in May in honor of the soldiers and saffors of the Southern Confederacy, were cast yesterday at the Henry-Bonnard Bronze Company, No. 430 West Sixcenth-st. Some of the upper portions of the statue have already been successfully cast. The model is sixteen feet high, and, when completed, there will be reproduced in bronze a fac-simile of the soldier in gray against whom the soldier in blue so fiercely struggled in the years between 1861 and 1865. In the process yesterday 3,500 pounds of metal were melted. William L. Sheppard is the designer, and Caspar Bubere the sculptor. The figure will weigh, when completed, about 5,600 pounds. If all the castings shall prove perfect, the statue will be shipped to Richmond about April 25

Arthur, intended to occupy a place on the plaza at the entrance of Central Park. It is perfectly east on the lines of the model, but was not approved by the Art Committee. A Tribune reporter, who was well acquainted with Mr. Arthur before and after he became President, saw it yesterday, and, in his opinion, the Art Committee has acted wisely in rejecting such an effigy. The statue is lifeless in its expression, representing the body as standing stiff, without a crease in the coat or trousers, and with one hand grasping a pair of eye-glasses, and the other clutching a scroll of manuscript, much after the

THE ELECTRIC WIRES GOT MIXED UP.

A FIRE IN THE ELECTRIC LIGHT AND POWER COMPANY'S BUILDING-CONNECTIONS WITH OTHER PLANTS SOON ESTABLISHED.

The plant of the United Electric Light and Power Company, at Twenty-ninth-st. and the East River, was seriously damaged by fire yesterday morning, which resulted from a rheostat or intermingling of wires. The loss is estimated at \$15,000. All the electric lights in the district between Fourteenth and Fifty-ninth sts, and from river to river were affected. Those burning in the theatres

and hotels in the district were put out. The plant is a two-story brick building. The fire broke out on the switchboard on the second floor. taken to Bellevue Hospital. Three alarms were turned in before a sufficient force of engines was on hand to control the blaze. The fire was kept confined to the second floor, where the elementary machinery is located. The dynamos and gaivanic batteries on the ground floor were badily damaged, however, by water. There was a slight commotion in one of the pavilions of Relievue Hospital on account of the fire and the dense volumes of smoke which rolled into the windows.

Aimost namedately after the fire Manager Brown had several hundred men at work on the electricing to cable, with the result that before 7 o'cock a complete connection was established with other branches of the company's system, and it was possible to get a practically complete service. A walk through the theatres, hotels and other public buildings which are open at night showed that little any inconvenience had been met with. Every hotel and its full service of electricity, and in only one or two of the theatres was there even a temporary loss. The red and blue transparency at Daly's shone not last night, and in fact the entrance portion of the theatre was in complete darkness. Inside the Palmer's Theatre, while the audience had all the electricity it wanted, John Drew and his associates on the stage played the first two acks of "Butter-filies" by the old-fashioned yellow glare of the gas.

THE CASINO CLUB INCORPORATED.

A club patterned after the Prince of Wales Club of London is about to be established in New-York, and its home is to be on the ground floor of the Casino Building. The floor is to be so arranged that it can be utilized for reading, smoking, billiard reception and grill rooms, together with a café and women's dining-room. The Casino Club is the women's dining-room. The Casino Club is the name of the new organization, which has been incorporated. The membership is limited to 2,000. Four hundred people have already joined.

A contract has been entered into with the present lessees of the Casino, whereby the Messrs. Aronson not only agree to provide the members with general admission to the theatre and roof garden, but also to provide vandeville entertainments and promenade concerts exclusively for members and their guests, as soon as the membership shall exceed 1,000.

The initiation fee for the first 500 members has been fixed at \$25. After the membership exceeds 500 the fee will be advanced to \$50. The annual dues are \$50.

BANK OF ENGLAND REORGANIZATION, SENATORS AND ASSEMBLYMEN FROM UP THE STATE REQUEST TIME FOR FURTHER CON-SIDERATION - THE O'CONNOR IN

SPECTORS BILL.

[BY TELEGRAPH TO THE TRIBUNE.] Albany, March 26 (Special).-It begins to look tonight as if Senator Lexow's Non-Partisan Police Board bill would pass the Senate with a unanimous Republican vote. The till was to have been considered to-day in the Senate, but Senators Persons and Lamy, of Buffalo, requested Senator Lexow not to press it, since they wished to exami care before they should vote upon it. They asked that the vote be postponed until a week from to-morrow. They were joined in this request by Senators Mullin, Pound and Higgins. Senator Saxton also advised Senator Lexow, when he heard of the wish of Senators Persons and Lamy, to grant it, since he thought it foreshadowed united action in favor of the bill. Senator Lamy, for instance, voted against the favorable report. His desire for more time to consider the measure therefore indicated a change of attitude in relation to it. Senator Persons, it may be stated, at no time has taken a position of hostility to the measure, but only of neutrality. Senator Pound was at one time opposed to it, but now, it is understood, believes that it is to the interest of the voters of the State, as a measure to insure fair elections in New-York, that it should pass. Senator Mullin, also, while at one time opposed to the bill, now, in view of the revelations made of the bill, now, in view of the revelations made of the interference of the police with elections in New-York City, is said to favor the measure. The Republican sentiment of the Legislature, it may be stated, is almost unanimously in favor of the bill. There was some opposition to Senator Lexow's bill in the Assembly, but now it has disappeared almost as completely as in the Senate. There seems a likelihood to-night that the bill will pass in both the Senate and the Assembly with a unanimous Republican vote in its favor.

Senator Saxton to-night called attention to some grave defects he had discovered in the election code, to remedy which he introduced a bill. He said that one of these defects was the fact that there was no punishment prescribed for persons who should vote more than once in the same election district. The punishment to fit this crime of repeated voting had been accidentally omitted from the election code. Senator Saxton asked for the immediate passage of the bill, but to every one astonishment Senator Owens of Brooklyn, objected. The Senate, upon Senator Saxton's repeated motions, sent tye bill to the Judiciary Committee, had that committee report it favorably, and ordered it to a third reading. To-morrow the bill will be passed.

Mr. Tait said that the residents of Mount Kisco meant to keep up their fight against the city authorities of New-York.

Commissioner Daiy, Dr. Edson, the engineer, Mr. Birdsall, and H. T. Dykman arrived at Mount Kisco in the morning, and went over the work done in the condemned district in the Croton watershed. They expressed themselves well pleased with the work thus far accomplished. The water running through Branch Brook, heretofore one of the most prolific sources of pollution, was yesterday clear and pure. THE PEOPLE KNOW A GOOD THING.

To the Editor of The Tribune. Sir: I am a New-York City travelling salesm two circumstances that I know would have pleased you if you could have been in my place. The first was when I sat at dinner in Syracuse one evening. There were six at the table and every man was reading of Tribune. This evening I was standing in front of the Iroquois, when the newsboys came rushing up, shouting out New-York papers. I asked for a Tribune, but the boy didn't have it. He called to another boy, of whom I got it. I heard the first boy say, "What has struck The Tribune here lately? I have more calls for it than any other New-York paper."

To the Editor of The Tribune. Sir: In your home of to-day you say that the appointment of a colored singer in the choir of St pointment of a colored singer in the choir of St. George's is the first known instance of a negro being admitted to a vested choir in a white parish. I would respectfully inform you that the vested choir of the Church of the Holy Trinity in this city has had two negro boys in its choir for the last two years, and I have failed to hear an unfavorable comment, either from the choir or parishioners.

FORTY PER CENT COAL BATE PROBABLE, At the next meeting of the general freight agents of the anthracite coal roads a 40 per cent rate of all shipments will probably be made. Since the Lehigh Valley has adopted the 40 per cent rate all its shipments it is generally understood that the other roads will adopt a similar rate.

price of coal at tide water. It has for years been given to independent operators who contracted on that basis with the carrying company. There were certain interests who refused to contract, and who have been charged a fixed rate of about 25 cents a ton more under the present market price than the 10 per cent rate. Independent operators shipped something like 17,000,000 tons of coal last year. Of this all but about 3,000,000 tons were shipped on the 40 per cent rate.

The anthracite coal trade has come almost to a standstill. The demand from New-England is light, and the movement West has stopped, as the supply in the lake centres is greater than the demand.

DAVID M'CLURE APPOINTED A COMMISSIONER TO REPUBLICAN DISTRICT COMMITTEES

The various Assembly District committees of the Republican Organization of the City and County of New-York held meetings for organization at their several headquarters last evening, and elected the officers provided for in the Republican constitution adopted at Cooper Union on February 9. Each Assembly district elects a chairman, a vice-chairman, a secretary, a treasurer and two members of the Republican County Executive Committee. Returns were received at the central headquarters, No. 1,122 Broadway, last night from about twenty districts. In the Ist Assembly District Joseph E. Berry was chosen chairman, and William A. Cummings and J. J. O'Rourke executive members; IVth. Dr. Ulick W. C. Burke, chairman, Dr. Burke and Thomas F. Grady; Vth, A. W. Peresth, chairman, John Steibling and Charles Buermann; VIth, John Murphy, chairman, William H. Huber and Charles Seligman; VIIth, Julius Kuinner, chairman, Thomas Martin and George Fleiker; VIIIth, Henry Clay Piercy, chairman, Charles P. Bible and Edward Zimmerman; IXth, Dr. Hamilton Williams, chairman, Dr. Williams and Charles R. Gleason; Xth,

Stewart, chairman, William F. Daly and Herman L. Schroeder: XIth, James G. McMurray, chairman, John E. Milholland and Dr. Louis Livingston Seaman; XIIIth, William H. Armstrong, chairman, George Cavanagh and Garrett May; XIVth, James B. Townsend, chairman, James V. Logue and James B. Townsend; XXIVth. A. W. Klein, chairman, Melville A. Clinton and Thomas Lusk; XXVIth, Thomas McGrann, chairman, Peter H. McDonald and Samuel J. Bishop; XXVIIIth, M. P. B. Voullaire, chairman, General Michael Kerwin and Heman B. Byers; XXVth, Henry Dimpfee, chairman, John C. McGarvey and Peter Schultz.

In the VIIIth Assembly District the vice-chairman elected is John McCabe, the ex-fire chief, who was persecuted and dismissed from the service on trumped-up charges by Henry D. Purroy, then president of the Fire Department, but afterward reinstated by the courts, and the secretary, Mr. Zimmerman, has just resigned the same office in the Lincoin Club, the headquarters of the old organization. Thomas F. Grady, the executive member for the IVth District, is the man who ran as Republican candidate for the State Senate in 1887 against Thomas F. Grady, the Tammany candidate. The elections in the 111d, XIIth and XVIIIth Assembly districts were postponed.

Preparations are being made for the meeting and organization of the newly elected Republican County Committee next Monday evening in the large hall of Cooper Union, which indicate that it will be a most important gathering. The committee is composed of 1,4% delegates.

Mr. Milholland and his associates are preparing an answer to recent persistent efforts to discredit the validity of their enrolment and primaries, which, they assert, will be complete and conv.ncim. Aftidavits, showing the actual number enrolled and votes cast at the primaries of all the districts which have been the subject of attack, will be furnished. HE WILL ISSUE NO STATEMENT-SAID TO BE THREATENING DIRE THINGS AGAINST

CHOKER IF HE IS "TURNED DOWN." Police Justice Divver continued to maintain his colley of non-intercourse with the outside world centerday. Through his friend and lieutenant, Alderman Nicholas T. Brown, the cloistered Justice let it be known that he had changed his mind as to the necessity of issuing a statement. Mr. Brown aid: "After consultation with his friends, and after anyassing the situation thoroughly, the Judge has ecided not to make any statement, either written or oral, at this time. He may some time reply to charges that have been made against him, but evidence that he does not fear his enemies is that he is here to face them. They may say that he has run away, but all who know Patrick Divver know that he is not the man to go into hiding under fire. Divver has been investigating these matters, and he discovers that he is prepared to defy Mr. Croker, and was quoted last night as saying: "Let them go ahead and turn me down if they think it would be a good move. We will see who comes out of it in the best shape." By "they" Mr. Divver was understood to refer to Richard Croker and any other of the Wigwam chiefs who might think it to their advantage to take a hand in "turning Divver down."

TALK ABOUT COMING APPOINTMENTS. Sullivan, Superintendent of Markets and Collector of City Revenue, will make way, it is said, for of City Revenue, will make way, it have a brother of Justice Morgan J. O'Brien, of the Supreme Court. Mr. O'Brien is a butcher in West Washington Market, and lives at No. 134 East Fifty-seventh-st. He is president of the West Washington Market Men's Association, and took a leading part in the fight to keep the market from being removed under Controller Myers's Administration to its present site. The

salary, it is understood, is to be cut down from

\$4,500 to \$4,000 a year. Mr. O'Brien is a Tammany Another appointment due to-day, it was reported, was that of Alexander Meakim, to succeed Charles J. MeGee, Chief Clerk of the Markets. Mr. Meakim was Excise Commissioner under Mayor Grant, but he has been a pronounced Cleveland man, and has been prominent in the Business Men's Democratic Association. During the campaigns of 183, 183 and 182 he organized Cleveland clubs in the Produce Exchange and among other business men. Mr. McGee was secretary of the County Democracy during the whole of its existence, and has been an active Anti-Hill and Anti-Tammany Democrat During Cleveland's first Administration he was Deputy-Collector of the Third Division, United States Custom House, under Collector Magone. The retiring Superintendent of Markets and Collector of City Revenue, Mr. Sullivan, was United States Collector of Internal Revenue of the Hd States Collector of Internal Revenue of the Hd States Collector of Internal Revenue (Leveland District, under Cleveland, from 1885 to 1889, when he was successed by General Michael Kertin, appointed by President Harrison. He was the last president of the New-Amsterdam Club, the social end of the County Democracy. FOR MORE GOOD GOVERNMENT CLUBS. The Affiliated Club Committee of the City Club net at the clubhouse, No. 677 Fifth-ave., last night. It discussed the formation of additional Good Government clubs, and finally decided to start six more such clubs. It decided that no race distinction should interfere with the formation of a club where other circumstances were of a proper character. It also decided to have a salaried secretary for the Good Government clubs, so as to increase the mem-bership.

BLUE-EYED BILLY" TO ABANDON POLITICS Buffalo, March 26.-Lieutenant-Governor Sheehan was asked by a reporter to-day what he had to say of the story printed in a Sunday newspaper to the effect that discontent existed in the Democratic General Committee. Mr. Sheehan said there was not a word of truth in it—that it had originated in the mind of the writer of the article. "When will the Legislature adjourn?" asked the "When will the Legislature adjourn?" asked the reporter.
"I think it will adjourn about the last of April," said he. "It cannot adjourn too early for me, as I am very anxious to get back to my law business here, which has been sadly neglected for years. I will try and practice law now as earnestly as I have devoted myself to the success of the Democratic party for the past ten years. The party machinery, it seems to me, is in very good hands, and Mr. Mack and Mr. Scheu, the two State committeemen, are thoroughly equipped to conduct an energetic and proper campaign."

A DEMOCRATIC REVERSE IN MARYLAND. Hagerstown, Md., March 26.-Ex-State Attorney M. L. Keedy (Rep.) was elected Mayor of Hagerstown over Reinhold J. Haim (Dem.), the present incumbent, by forty-six majority. In 1890 Mr. Halm's majority was 132.

TAKEN FROM REAL LIFE.

AN EXPERIENCE WHICH A GREAT MANY HAVE PASSED THROUGH-THERE MAY BE PERSONS

WHO SUFFER, BUT THERE IS NO REA-SON WHY THEY SHOULD DO SO. Have you ever been run down, pale, weak and

without strength? Has your food failed to digest, and have you felt that you were losing ground daily? Have you had no appetite for food, little interest in life and no such thing as happiness? If so, read the following words of Mr. J. Calvin Barnard, who resides at London, N. H. He is an honest, intelligent and reliable man, and what he says is absolutely true:

Mr. J. Calvin Barnard, who resides at Lohdon, N. H. He is an honest, intelligent and reliable man, and what he says is absolutely true:

"On January ist of the present year I had been sick seven or eight weeks and was so low that I could not turn myself in bed alone. I had no appetite, could take nothing except a little milk and water, and it was hard even to take that. The doctor said I must have nourishment, but milk and water was all I could take without its distressing me. I was growing weaker and weaker. My friends and the doctor thought I must go down, but I am happy to say I celebrated the New Year by taking some of the predigested food of which I had heard. The first spoonful gave me a little appetite, and I began to revive. My strength increased so that in a week from that time I was able to be weighed and found my weight to be \$3 pounds. The next week I weighed \$8 pounds, and in five weeks I gained 20 pounds, all through the use of the great pre-digested food, Paskola.

"As my usual weight is from 140 to 145 pounds, I am not yet up to my former condition, but I verily believe that Paskola, with the help of the Good Lord, has done wonderful work for me, and I am on the highroad to health. As I have suffered from indigestion for years, have doctored, and taken this and that, it can readily be understood how happy I feel over the result of this great pre-digested food."

Remarkable, you say? Mr. Barnard's case is only one of very many, for Paskola has restored thousands who had lost all interest in health and happiness to a condition of hope and joy.

A pamphlet giving full particulars respecting Paskola will be sent on application to the Pre-Digested Food Co., 30 Reade St., N. Y. City.
